

[Faculty Position Available]

Assistant Professor/Associate Professor/Professor in Soil Science and Soil Carbon Sink

Department of Agricultural Chemistry
College of Bioresources and Agriculture
National Taiwan University, Taipei, Taiwan

The Department of Agricultural Chemistry invites applicants for one faculty position at all ranks, starting on **February 1, 2026**. Research experiences in climate change and carbon credit are preferred. Teaching responsibilities must include two required courses “Soil Science” and “Soil Science Lab” at the undergraduate level and elective courses related to soil science and net zero at the graduate level.

Candidates should have a Ph.D. degree in a field closely related to “Soil Science and Soil Carbon Sink” and a strong commitment to excellent teaching and research.

An application should include the following documents:

1. A cover letter indicating the intended position (i.e. Assistant Professor, Associate Professor or Professor).
2. Curriculum vitae, including a portrait photo.
3. A photocopy of Ph.D. diploma and an original copy of undergraduate and graduate school transcripts. If the institution does not require coursework, an official statement signed by the institution or the advisor should be included.
4. A complete list of publications.
5. The reprint of one representative research paper, published in an SCI (SSCI, A&HCI) journal after **February 1, 2021**. The applicant should be the representative paper's first or corresponding author. For the applicants who graduated after **February 1, 2023**, the Ph.D. dissertation can be used as an alternative to the representative paper.
6. Reprints of publications accepted or published after **February 1, 2019**. For an accepted paper, an acceptance letter is required.
7. Statements of research and teaching plans.
8. Any other supporting materials.
9. Two recommendation letters sent by the referees directly to the Faculty Searching Committee via e-mail at htchen@ntu.edu.tw.

Application materials (1-8 items) should be prepared and combined into a single PDF file. Please e-mail your application with the subject “Application for Faculty Position in Soil Science and Soil Carbon Sink ” to htchen@ntu.edu.tw by **May 31, 2025**.
